

## One AquaSource

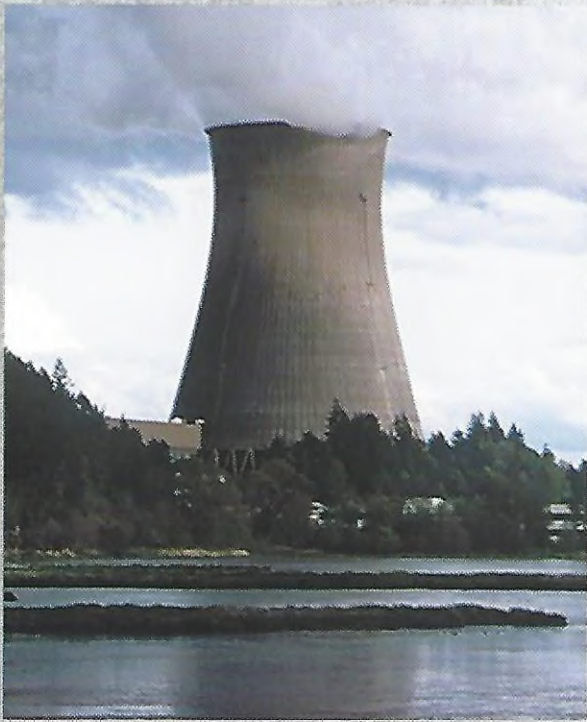

is a full service, independent water treatment service company. Operating in the industrial Midwest, **One AquaSource** provides our clients with a unique suite of products and services that includes equipment, chemicals and consulting services. This allows us to provide our clients with the best possible water management solutions without the limitations typical of most water treatment providers.

**One AquaSource** is positioned to be your **single source** for all of your water and waste water management needs. Some of the products and services that we provide are:

-  **Pretreatment Equipment Systems** - softeners, DI, reverse osmosis, filters, etc.
-  **Water Pretreatment Chemicals** - coagulants, flocculants, scale and corrosion inhibitors
-  **Industrial Water Treatments** - boiler water, cooling water, closed loop treatments, defoamers
-  **Waste Water Chemicals** - emulsion breakers, metal precipitants, paint spray booth treatments, defoamers, flocculants
-  **Chemical Feed and Control Equipment** - controllers, pumps, tanks, mixers, etc.
-  **Waste Disposal Brokering** - both hazardous and non-hazardous liquids and sludges
-  **Analytical Services** - water, deposit, resin analyses, corrosion and deposition trend analysis
-  **Consulting and Inspection Services** - system oversight, conceptual design consulting, equipment inspection, operation review and optimization

We  
also know  
that you run a business.

**One AquaSource** can  
provide varied billing and  
pricing options to best meet  
your needs. Need chemicals  
but minimal on-site service? We  
can provide chemicals with or without  
service. Want specific service commitments?

We will structure a service program to fit your needs, not some arbitrary model. Level billing and guaranteed costs are also options we offer to help you manage your business.

In short, **One AquaSource** will help you manage your water resources in a way that best suits your operation. For more information on how we can work together to help optimize your water resources please contact us at 888-777-9555. We believe you will like what **One AquaSource** has to say.
